WEB DEVELOPMENT PROJECTS

Utah Dashboard | ReactJS, Redux, Tailwind CSS, AXIOS, React Router, HTML, and CSS

- A client-side dashboard that facilitates the visualization of reports, tables, and data.
- I integrated tables, tabs, pagination, sorting, and text skeletons on loading.
- The project proved to be challenging, providing me with valuable expertise in core concepts of ReactJS and efficient store management through Redux.

Eod Adventure Park | ReactJS, Context API, Material UI, React Router, HTML, and CSS

- Every Other Day is an Online ticket-booking website that allows users to book adventure park tickets.
- Customers can easily book their favorite or multiple tickets into their cart.
- Customers can also see the details about the specific adventure park tickets.
